

Note on English translation

This is a translation of the technical data sheet valid in Iran.

All stated details and properties are in compliance with the regulations of the Iran standards and building regulations. They are only applicable for the specified products, system components, application rules, and construction details in connection with the specifications of the respective certificates and approvals.

K plus pars denies any liability for applications outside of Iran as this requires changes acc. to the respective national standards and building regulations.

Drywall Systems

K+ Nonius Hanger

Technical Data Sheet

05/2022

K+ Nonius Hanger

Hanger Elements

Product description

Hanger used for fixing the suspended ceiling system to the structural soffit.

Storage

- Direct contact with water should be avoided.
- Packages should be stored in flat, dry and clean areas.

Standards acc. to

ISIRI 21083 and EN 13964

Properties

- Clean and easy instalation

Application

Application should be done acc. to the Kplus Technical Brochures of the respective drywall system.

Field of application

- Suspended Ceiling Systems

System Performance Values

Performance values as sound insulation, fire resistance etc. may differ acc. to the drywall system to be applied. Please check the performance values of the drywall systems; Kplus Technical Website Document Center
